CLIMATE-FRIENDLY COMFORT AND DISINFECTION OF AIR

NORDICCO

Nordicco A/S is a family owned and operated company, wanting to contribute towards the acceleration to a more sustainable economy.

Nordicco A/S designs and manufactures climate-friendly High Volume Low Speed (HVLS) fans and associated control systems. Our solutions help our customers improve their indoor climate, lower their energy consumption, reduce their CO2 emissions, and eliminate the spread of airborne pathogens.

We are headquartered in Denmark, where we also design and manufacture our systems. Wherever possible, we source from local and regional suppliers, ensuring the lowest overall carbon footprint.
